## EDUCATION

### B.Tech. CSE

Lovely Professional University, Phagwara

08/2018 - 08/2022

7.89

## PERSONAL PROJECTS

Linux operation Service(clustered)  
(10/2022 - 12/2022)

- A Linux operation based webservices that interact with remote servers , as a centralised controller and executes command , with request and response .
- Tech stack - Typescript Nodejs, expressJs , MongoDB , design and structure.
- Unit testing with Jest and Babel. CI/CD implementation using shell script to generate build and packaging.

Database Webservice (clustered)  
(04/2023 - 05/2023)

- A Webservice that operates and runs query on provided database, and returns query response, it has middlewares for restricting endpoints, request queries and context type restrictions and token based auth.
- Unit testing with Jest and Babel. CI/CD implementation using shell script to generate build and packaging.
- Tech stack - Typescript Nodejs, expressJs, NoSQL/SQL based database, middlewares, design and architecture.

## WORK EXPERIENCE

### Software Engineer

Securonix

04/2023 - Present

Bengaluru, Karnataka

Achievements/Tasks

- Working on creating and developing microservices
- Working Nodejs Typescript ExpressJs
- Backend Development and RestAPI

### Associate Software Engineer

Securonix

06/2022 - 03/2023

Bangalore, Karnataka

Achievements/Tasks

- Worked Big data tools like HDFS, Spark and Redis
- Worked with Tech leads to prepare internal automations using APIs as well as Shell Scripting
- Worked on Java Full Stack including microservices
- Delivered the projects mentioned above with full development from scratch

## SKILLS

JavaEE

Hibernate

Webservice

Spring boot

RestAPI(Java)

Nodejs

TypeORM

Typescript

Rest API (nodejs)

Expressjs

Kafka Messaging queue

Problem Solving

MongoDB NoSQL

Hadoop distributed file system (HDFS)

Redis

Shell scripting

MySQL

Solr

Git/GitHub/Bitbucket

Jenkins

CI/CD

Docker

AWS

## ACHIEVEMENTS

3 star Coder in Codechef

5 star coder on Hackerrank platform

Got 1st Rank in CypherThon ( Tech Hackathon) as a Team Leader and Lead Developer

900+ rating on Codeforces

Solved more than 500+ problems on major coding platforms

Participated in Spectra(Largest Extra curricular Event in College) for Two consecutive years as Team Leader

## CERTIFICATES

Data Structure and Algorithm Self Placed  
(06/2020 - Present)

C (intermediate) verified skill (04/2020 - Present)

NCC 'A' level certificate (06/2016 - Present)

## LANGUAGES

English

Full Professional Proficiency

Hindi

Full Professional Proficiency
